

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

so far omit or neglect any duty or reasonable care or precaution respecting the safety or health of any scholar, pupil, or attendant, or respecting the temperature, ventilation, or cleanliness, or strength of any church hall, of worship, schoolhouse, schoolroom, or place of private exercise, or relative to anything appurtenant thereto, as that by reason of such neglect or omission the life or health of any person shall suffer or incur any avoidable peril or detriment, and no day nursery shall be conducted in this city without a permit in writing from the health board.

Communicable Diseases in Animals—Veterinary Surgeons to Report Cases of.
(Reg. Bd. of H., June 20, 1912.)

SEC. 157. Every veterinary surgeon who is called to examine or professionally attend any animal within the said city having the glanders, rabies, or farcy, or any contagious disease, shall within 24 hours thereafter report in writing to the board of health the following facts, viz: First, a statement of the location of such diseased animal; second, the name and address of the owner thereof; third, the type and character of the disease.

Vaccination. (Reg. Bd. of H., June 20, 1912.)

SEC. 158. Every person being the parent or guardian, or having the care, custody, or control of any minor or other individual, shall (to the extent of any means, power, and authority of said parents, guardian, or other person that could properly be used or exerted for such purpose) cause and procure such minor or individual to be so promptly, frequently, and effectively vaccinated that such minor or individual shall not take or be liable to take the smallpox. All persons unable to pay for such vaccination can have the same done (by making application at the office of the board of health) free of any charge. Any person or persons offending against any of the provisions of this section shall forfeit and pay a penalty of \$20.

CINCINNATI, OHIO.

Bakeries—Sanitary Regulation of. (Reg. Bd. of H., July 24, 1912.)

Any place used for any process of mixing, compounding, or baking, for sale or for purpose of a restaurant, bakery, or hotel, any bread, biscuits, pretzels, crackers, buns, rolls, macaroni, cake, pies, or any food product of which flour or meal is a principal ingredient, shall be deemed a bakery for the purpose of this regulation: *Provided, however,* That restaurants as defined in the regulation of this board concerning restaurants in which any of the foregoing food products are mixed and baked for consumption in such restaurant only, on or in ordinary restaurant kitchen stoves or ranges, and kitchens or rooms in dwellings where any of the said food products are mixed and baked in an ordinary kitchen stove or range, shall not be considered bakeries.

PAR. 2. Every place used as a bakery shall be kept in a clean and sanitary condition as to its floors, side walls, ceilings, woodwork, fixtures, furniture, tools, machinery, pans, and utensils. All vehicles from which any bread or other bakeshop product is sold shall be kept in a clean condition, and all baskets or other containers in which any of the said products are conveyed through the streets shall be closely covered in a way to exclude dust, flies, and other sources of contamination. All parts of the bakery shall be adequately lighted at all times and shall be ventilated by means of windows or skylights or air shafts or air ducts, or mechanical apparatus if necessary, so as to insure a free circulation of fresh air at all times. Such ventilating construction and equipment shall be of such character that a complete change of air in all parts of the bakery may be made at least four times each hour: *Provided, however,* That it shall not be necessary to ventilate at such time or in such manner that the process of mixing or the rising of dough shall of necessity be interfered with or prevented.
